payable to YCBA or send payment to Anita Lehew  
500 Ormand Rd. York, SC 29745

### Top Reasons to Get Involved in Beekeeping:

Beekeeping is fun for the whole family and  
safe.

Beekeeping is beneficial to our fruit plants,  
trees, flowers, gardens, and crops.

Beekeeping is necessary to pollinate crops.

Beekeeping results in harvesting honey and  
other hive products.

### Benefits of the Beginner Beekeeping Class

- To learn basics of beekeeping and to set up your hive.
- To learn about the bees and how they work and live.
- Certification requirements will be outlined in beginner class.

### York County Beekeepers Association

YCBA Organized club with  
bi-laws, dues and committees.

Monthly meetings are held on  
the 2nd Thursday, where we  
share important Honeybee and  
beekeeping information.

Our club objective is to  
become involved in the  
community to help educate  
beekeepers and the public  
about honeybees.

The State host two meetings  
every year to help promote  
and educate beekeepers.  
Speakers from all over  
America are invited to speak.

# York County Beekeepers Association

Our Mission is to educate  
beekeepers on honey bees  
and the care of the hive.

- To promote better beekeeping in York County.
- To interest York County people in keeping bees.
- To further interest in the use of bees in pollinating fruits, legumes and other vegetation.
